Take a break from this busy construction season and join us on one of the dates/locations above for member networking over a drink and dinner as we get set to learn about the new Env-Wt. 100-900 Rules (Wetland Rules). The rules go into effect on December 15, 2019. A representative from the Wetlands Bureau will offer a presentation about what's new in the rules, including a focus on more significant changes that would likely impact land use professionals. This is also your opportunity to ask questions about the new rules. GSDI has posted the new rules on its website (under the NHDES Wetlands Bureau tab) and we suggest that you review the rules before attending the dinner. You can also preview some of the rule changes from earlier presentations made and posted on the Rulemaking website:
